Grossing Business's Move during the COVID-19 Pandemic

Paper id: 0100012IJESIR

Abstract: Corona virus has created continuous devastation across the globe. It forces companies and the society to grow and move on to another phase of time, think more responsibly, and make more mature decisions. This crisis twisted the life of the people in too many facets such as decreasing the budget for daily needs and safety protocols that played a huge responsibility in declining the percentage of working individuals. Due to different business techniques during pandemic and investment cost of \$500 Million, one can say that in future Amazon will grow more socially and economically.
